In a tumbler, stir together:

- Arbutus Distillery Blue Gin (from Nanaimo) 2oz
- Lavender & Honey Syrup\* 1oz Can this syrup be bought in a store or do you make it in-house?
- Lemon Juice 1oz
- Egg White 1oz (around 1/2 an egg white)
- Sprinkle of dried lavender on top

The base recipe for this is for a honey syrup; Mix equal parts sugar & water, then add 1 cup of dried lavender. Bring it all to the boiling point. Once it's boiling, let it rest and strain it so there is no dried lavender residue in the syrup.
